Unemployment

IMPORTANT NOTICE: The CARES Act has been signed into law, but those benefits are not yet available until we receive official guidance from the U.S. Department of Labor.

- For those who are self-employed, independent contractors, nonprofit employees, and gig-economy workers, or are requesting an extension of benefits, please check back with this page for the latest information. We will update this site and notify news outlets when we are ready to accept claims.
- For those who were previously eligible for regular unemployment and have already filed a claim, please continue to request payment every two weeks, even if you ran out of benefits already.

If you are a traditional employee and are not working or had your hours reduced, file a regular unemployment claim:

- If your last name begins with a letter from A to M: Please file your unemployment claim on a Sunday, Tuesday, or Thursday, or after 12 noon on Saturday.
- If your last name begins with a letter from N to Z: Please file your unemployment claim on Monday, Wednesday, or Friday, or before 12 noon on Saturday.
